July 11, 2008

Sir:

A telephonic interview was conducted with Examiner L. Hamilton on Wednesday, June 11, 2008 between 10AM and 12PM. Present at the interview, via speakerphone, was Jeremy Mereness, Associate, and Roland Long, Supervising Attorney.

The substance of the interview was as follows: the final rejection of the application 10/620,340 has been withdrawn, and the aforementioned application is in the process of being reclassified to a more appropriate art group within the PTO. Furthermore, the last line in section 13 of the Advisory Action dated March 12, 2008 contains a typographical error, and should read "The Application does not need to file anything until the next response is received."

The Examiner, in the present interview, reiterated that the final rejection sent December 12, 2007 has been withdrawn, and that that the statement of such in section 13 of the March 12, 2008 Advisory Action is proof on the record of this fact.

At the conclusion of the interview, Mr. Long requested that the Examiner compose an Interview Summary of the instant telephonic interview, and the Examiner agreed to compose and send said Interview Summary.

Respectfully submitted,

YOUNG & THOMPSON
